* The Units Contacted column reflects the number of units that have had sufficient contacts recorded year-to-date. In order to show progress, a unit is counted if it has been contacted at least once by January/February, two times by March/April, three times by May/June, four times by July/August, five times by September/October and six times by November/December. For example, a unit that was not contacted until March will not be counted in January or February, but will count in March, if it receives two contacts that month. At the end of the year a unit needs at least six total contacts to be counted. Contacts are counted by the date they are entered into Commissioner Tools, not by the actual date of the contact or visit. Posts are included in 2017 and beyond.
