

Scouts BSA Roundtable Breakout Session – Discussion Questions

Scouting Info: Where to go?

1. What are some topics which are serious enough that we should ALWAYS think to check their source?
2. What types of topics would be OK to look up online or in books outside of BSA publications?
3. You are a successful and well-admired Scoutmaster. A Scoutmaster from another troop asks you for advice on a YPT question. You carefully managed the same situation five years ago...what would be the best approach for your advice?
