

Cub Scouts Roundtable Breakout Discussion Questions

Working With Small Dens and Packs

Which of the five points did you find to be helpful...and why?

###

1. Focus on fun and on those who are in your den and pack.
2. Don't do it alone...just one more person can make all the difference.
3. Take advantage of your size and build strong relationships with the families.
4. Build a strong foundation to prepare for growth
5. Be persistent. Stay focused and make quality programs that are fun for Cub Scouts and parents.
