

Roundtable Membership Moment

Memorial Day Activities

(Suggest this moment be used in the early spring.)

Memorial Day is just a few short months away. Every scouting unit should be involved in commemorating our fallen service members.

Some options include:

- Participating in activities sponsored by the local American Legion or Veterans of Foreign Wars
- Acting as color guard at a school Memorial Day ceremony
- Decorating veterans' graves with flags
- Marching in a community Memorial Day parade

These kinds of activities show our community how active we are and how we are building character in our young scouts. And remember, if you do something like this, write up a press release, take a few pictures, and send them to your local newspaper or online news service.

Lots of people don't realize we are here. Let's show them!
