The Annual Audit

- Why do an audit
- From the local council Bylaws, article X, section 2, clause 6
- “A statement of all income and expenses of the corporation during the fiscal year and a statement of all assets, liabilities, and net assets of the corporation as at the end of such year shall be duly audited and certified annually in accordance with generally accepted auditing standards, by certified public accountants or other recognized independent public accountants approved by the executive board or executive committee.”

Audit Timeline

- July – determine audit firm
- October – audit committee meets with auditor to confirm scope
- November – December – auditor conducts interim fieldwork
- After January 1 – council provides YE Trial Balance to auditor. Auditor reviews task list and council engages with necessary documentation
- May – auditor delivers draft audit to audit committee
- May – audit committee reviews and approves audit
- May – council executive board approves audit
- July 31 – council submits audit to National Council

Audit Committee

- The audit committee is charged with reviewing the audited financial statements.
- **Reviewing Presentation** – Statements reflect proper presentation of all items. Investments; accounts receivable; inventory; fixed assets; accruals; contingent liabilities; legal matters; loans; adjustments; net assets; inter fund activity ; three-fund format; consolidated audit; required financials statements presented correctly; required footnote disclosures.
- **Reviewing Accounting Policies** – Effects of any changes in policies properly presented. New or proposed changes in GAAP; management disagreement; consistent with Local Council Accounting Manual.
- **Reviewing Conduct of the Audit** – actual scope different from audit plan; scope limited or restricted by management; management cooperation; auditor given appropriate access to management.

Internal Controls

- Internal control is an important tool for the audit committee. Because the auditor is not assured of finding irregularities, a good system of internal control is the council's best defense against such problems. Local councils and the environment in which they operate are dynamic. Internal control systems must change in response to this relationship.
- **Reviewing Internal Control** – changes in council requiring new controls; “surprises” encountered; explanations of variations from budget; management, accounting, or financial functions overextended.
- **Strengthening Internal Control** – use resources such as those found on Finance Impact website; procedures manual; segregation of duties; budgets; cooperation with auditor during review of internal control.
- Items addressed in Management Letter

Audit Letters

- **Request for Proposal** – A letter from an audit committee member to request a proposal from an independent auditor.
- **Engagement Letter** – Serves as the annual contract for service between the auditor and the council. Auditor accepts the engagement and outlines the terms of the engagement.
- **Management Letter** – basis for quick implementation of the procedures recommended by the audit; lists internal control weaknesses and recommendations for their correction.
- **Management Letter Response** – comments of Scout Executive concerning the implementation of the recommendations for correcting internal control weaknesses; required whether or not there are reportable conditions.
- **Representation Letter** – prepared by the auditor, printed on council letterhead and signed by Scout Executive and accounting specialist

Auditor Roles

- Review and evaluate the system of internal control.
- Test selected financial transactions
- Verify or otherwise test year-end balances
- Form an opinion as to whether the financial statements are fairly stated in accordance with generally accepted accounting principles.

Sample Auditor Opinion

- SAMPLE
- “In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Take any Council, Boy Scouts of America, as of December 31, 20xx, and the changes in its net assets and its cash flows for the year then ended are in conformity with generally accepted accounting principles.”

Auditor Opinion

- Unmodified Opinion
- Modified Opinion
 - Qualified Opinion
 - Disclaimer
 - Adverse Opinion

Why do an audit?

- Review financial statements
- Transparency
- Stakeholder Trust
