1- Mile Projection Table

Record the time you walked in $\frac{1}{4}$ of a mile in the column labeled "My Time". Use that time to calculate how long it would take you to walk until you reach 2 miles.

Fraction of a Mile	My Time
$\frac{1}{4}$	
$\frac{2}{4}$ or $\frac{1}{2}$	
$\frac{3}{4}$	
$\frac{4}{4}$ or 1 mile	
2 miles
